

FREEMAN SHOE CO. BUYS DIXON PLANT

TABERNACLE AT ZION CITY BURNS TODAY

Voliva Declares Incendiarism; Huge Loss

Zion, Ill., April 2.—(AP)—Explosions and fire asserted to have been of incendiary origin leveled the 35-year-old Shiloh Temple and radio station WCBD today at a loss estimated at between \$600,000 and \$750,000.

Wilbur Glenn Voliva, overseer of the Christian Apostolic Church, said he hadn't any doubt the fire was intentionally started.

Voliva and Edward N. Jacker, chief engineer of the radio station, reported they heard several explosions but could not explain their source.

Jacker said he was in the station and smelled smoke. He looked out a window and saw the roof of the tabernacle raising, he said, and flames leaping out.

Voliva, who said he and an attendant were driving past the park where the tabernacle was located, said he saw smoke coming from several windows and heard the explosions. He sounded the alarm.

Voliva, known for his belief the world is flat and for his former strict control over affairs of the city, said the tabernacle, built in 1892, was valued at between \$500,000 and \$600,000 and the radio station at \$150,000. An organ he valued at \$30,000 was destroyed along with the tabernacle.

The tabernacle, originally seating about 8,000 persons, stood three stories high. In recent years Voliva had reduced the size of the auditorium and built in about a dozen classrooms.

"I saw smoke coming from many different places in the large building," he said. "I went in and discovered flames in rooms as far apart as 200 feet.

"Can't Give Motive

"The building was steam heated and new boilers had recently been installed. The basement was concrete. There is no question but that the fire was of incendiary origin."

He said he was unable to give a motive.

Zion's two pieces of fire fighting equipment were joined by one from nearby Waukegan. They were handicapped by lack of water pressure and were forced to draw water from a small lagoon, which was soon pumped dry.

The tabernacle was the scene of the annual Passion Play, the most recent performance of which was last Sunday.

The tabernacle was situated in the center of a 160-acre park. The radio station, of brick veneer construction, stood a few yards away. Only the steel aerial towers were undamaged.

The steer escaped from the railroad stockyards. Policeman Lloyd Walton, a former cowboy, pursued him with a lariat but the beast was shot by other officers before he caught it.

Youth Leads Officers Chase Of 23 Miles; Finally Caught

Waukegan, Ill., April 2.—(AP)—A young man, pursued 23 miles by police of two states, was held in the Lake County jail today after he had survived gunfire from a dozen police weapons and escaped unscathed when his automobile twice crashed during the mile-a-minute chase.

Sheriff Lawrence Doolittle said the man identified himself as Albert M. Hopland, alias Patrick John O'Sullivan, 26, of St. Paul, Minn.

The wild chase began at Kenosha, Wis., when Hopland fled in his automobile as police approached to question him. Authorities said he car was stolen in Milwaukee.

Homes Show

Dixon's Greatest Exhibit of Kind Near-End

Many of Dixon's most prominent citizens were seen in the large crowd which attended the Dixon Better Homes Association's exposition in the Schuler building Thursday evening, where all carefully inspected the modern home equipment in display, and all the conversation was about home building and modernization.

The Medusa-Portland Cement Co. booth was busy most of the evening. Considerable comment stressed on two large cement vases which caught the visitor's eye on entering the large display auditorium. Credit is given to Grover (Swag to his friends) Wilhelm and Dr. L. R. Evans as the designers, manufacturers and sole owners of these massive solid concrete vases.

A very interesting and novel designed booth is that of the Dixon Distilled Water Ice Co., distributors of the famous Vitaleire ice refrigerator. The importance of Dixon's Better Homes Exposition is clearly recognized by this company which expressed a beautiful paneled background direct from the exhibition hall of the Waldorf-Astoria Hotel in New York City to Dixon. L. W. Hinkle, sales manager of the Distilled Water Ice Co., is in charge of this exhibit, showing the new type Vitaleire ice refrigerator that is completely air conditioned and has all the fundamentals of correct food preservation. This new non-mechanical refrigerator makes crystal-pure ice cubes in just a few minutes.

The E. L. Soper plumbing and heating booth is drawing attention of many people interested in bettering their home comforts with modern heating and conditioning. The Kol-Master, distributed by C. E. Horton, is creating considerable interest. Strikers have been very popular this last fall and winter and many have been installed in the Dixon trade area.

Wells Jones, heating and ventilation contractor and distributor of modern air conditioning equipment is displaying a complete line of several different units.

The Frazier Roofing Siding Co., distributors of the well known Amco roofing, is also displaying a high quality line of siding for new or modernizing buildings.

Friday and Saturday evening of the Exposition will be very interesting. There will be a large number of awards and the exhibitors

COAL MINERS MAY GO BACK TO WORK SOON

Settlement of Mine Strike Reported to Be Imminent

New York, April 2.—(AP)—Settlement of the soft coal strike this afternoon, before the end of its first day, was predicted today in usually well-informed quarters.

Southern West Virginia operators, the last to agree to the United Mine Workers' wage increase demands, had decided to go along with other operators, it was said.

This word came from sources close to both miners and operators just before a meeting of the joint committee of miners and operators to continue negotiations.

The committee was to report later in the day to the full Appalachian joint wage conference that determines the wage scale for soft coal miners throughout the country. If an agreement is ratified today, 400,000 soft coal miners will go back to work Monday after the shortest strike in the industry's history.

Hope to Stop Wave

On formula to route sit downs from automobile plants and a contract for the nation's soft coal miners hinged today hopes for halting the spreading wave of strikes.

More than 600,000 workers—a new high for a troubled year—did not report for toll today. They were kept from their jobs by strikes, layoffs due to strikes and contract disputes.

The United Mine Workers, numbering 462,000, stayed away from the pits while negotiators representing workers and owners still sought to agree on a contract replacing the one which expired at midnight March 31.

To restore peace in strike-torn Michigan automobile plants, executives of General Motors and the United Automobile Workers met to seek some end to the trouble. Similarly, Walter Chrysler, heading the company bearing his name, and John L. Lewis, big boss of the C. I. O.—godfather of the auto workers' union—will meet tomorrow.

The chief obstacle in the path of a peace seemed to be the miners' demand for time-and-one-half pay for overtime work.

SENATORS QUARREL

Washington, April 2.—(AP)—Senate leaders fighting desperately to sidestep a direct vote on the sit-down strike stirred up a battle of bitter words today over the very matter they sought to avoid.

Soon brought to the fore was the situation in Michigan over which the veteran Senator Borah (R-Ia.) sided against Senator Johnson (R-Cal.). Johnson criticized the government yesterday for not intervening in the automobile-producing state, where sit-down strikes have been widespread.

To the senate which has heard some caustic criticism of the conduct of strike affairs in Michigan,

Traction Wrecks Kill Eight; Injure Scores In London and Chicago

London Accident Occurs on 60-Foot Viaduct

London, April 2.—(AP)—A crowded rush hour commuting train plowed into the rear of another on a 60-foot high viaduct between Battersea park and Victoria station today, killing eight persons, injuring 40 and sending dazed survivors teetering like tight-rope walkers along the narrow trackway.

A worse tragedy was averted by the presence of mind of one passenger, who struggled from the wreckage and ran, swaying, along the tracks to flag down a third train speeding from Victoria station.

The last carriage of the first train which had stopped on the tracks, was a shambles. Its wooden body

Charwoman Lucky

London, April 2.—(AP)—The charwoman who works at the South Kensington museum rejoiced today because her alarm clock failed to ring.

"For two years," she said, "I had never failed to take the Coudson train but last night I forgot to wind the clock."

The Coudson express crashed into another suburban train early today, killing eight and injuring more than 40 persons.

Butler Names Pope, Root, Smut Three Best Statesmen

New York, April 2.—(AP)—Pope Pius XI, the late John Root and General Jan Christian Smuts were named by Dr. Nicholas Murray Butler, in an interview today on his seventy-fifth birthday, as "the outstanding statesmen" of the late-war and post-war periods.

CHICAGO COLLISION

Chicago, April 2.—(AP)—More than a score of persons were treated today for injuries suffered in a crash of two elevated trains indirectly caused by the illness of a small boy.

In addition to those injured, more than 100 other passengers were shaken when a north-bound express rammed into a north-bound local south of the loop.

The motorman of the local train made an unexpected stop to summon aid for the sick boy, Edward R. Tibbett, 63, motorman of the express and a veteran of 30 years' service without an accident, said he was unable to stop his train to avoid the collision.

Windows of both trains were shattered and the front of the combination steel-wood express was smashed.

SKYDART

Walgreen Company Has New Lockheed Airplane

A picture of "Skydart" new Walgreen Company Lockheed 12 model cabin plane and its pilots Justin W. Dart, and Robert Reck appearing on the cover of the February issue of "The Pepper Pod" an attractive publication for employees of the Walgreen drug stores.

The new ship embodies progress and all that it implies in meeting the travel needs of the firm. It will be used to transport company officials quickly to the most distant points in the vast chain of Walgreen stores all over the country.

Lockheed Model 12 represents the latest of airplane designs having won first prize award in competition sponsored by the U. S. Department of Commerce. It is considered the fastest twin-motored plane in the United States with a maximum speed of 420 m. p. h. and a cruising speed of 200 miles per hour. It can cruise 1000 miles without refueling, and is equipped to land safely on water, ice or snow, with the addition of pontoons, or skis.

The cabin can accommodate eight including the pilot and co-pilot and contains comfortable chairs, safety belts, and luggage space.

Some idea of the speed of this plane can be gained when one realizes that Miami is only six hours and eleven minutes away, and El Paso, Tex., is only six hours and twenty nine minutes away.

On a recent trip the plane piloted by J. W. Dart took off from the Burbank, Calif., airport at 9:30 A. M. and arrived over Phoenix, Ariz., one hour and forty-five minutes later. The stop at Phoenix was three hours in length during which Dart and his companion Robert Peck visited the Walgreen store. In the afternoon they dropped in at Tucson for a call at the store there, then reached El Paso, Tex., in time for supper. In the evening the pair stopped at Amarillo before the stores in that city closed. Dart and Peck slept at Kansas City, Mo., that night and were in Chicago at noon the next day. The average speed of the plane on the trip was 224 m. p. h. and the journey would have taken four or five days by train.

Infant Only Seven Inches Long Still Alive, Iowa Home

Albia, Ia., April 2.—(AP)—A baby boy weighing less than a pound entered his third day of life today on a diet consisting of a drop of whiskey and a teaspoon of milk, fed him every hour from an eye dropper.

The child, born to Mr. and Mrs. Henry Johnston, Albia, was reported by the attending physician, Dr. R. A. Smith, to be normal in every respect except weight and size. The boy is seven inches long and Dr. Smith says he estimates the weight at 10 ounces, although the weight has not been determined because the doctor's scales will not weigh anything under a pound.

Successful Scheme

Center City, Minn., April 2.—(AP)—The death of Oscar Peterson revealed his extraordinary method of keeping automobile salesmen away.

In his garage was found a car purchased 20 years ago and never used, Frank Lorens, who sold Peterson the car, said.

"He bought that car from me for the sole purpose of keeping salesmen from bothering him. He could tell them he already had a new car."

Patrick Hennessey, Beloved Citizen, Pneumonia Victim

Patrick R. Hennessey, steadfast citizen, loving father and faithful friend, passed away at the Katherine Shaw Bethna hospital last night at 11:55, his death resulting from pneumonia of but five days duration. He was born in Dixon, May 18, 1872 and at the time of his passing was aged 64 years, ten months and 13 days. His early boyhood was spent on a farm in Palmyra township, after which he moved to Dixon and entered the employ of the George D. Laing feed store, in which capacity he was a faithful employee for 40 years. For the past four years he was supervisor of detail at the Dixon state hospital.

On April 26, 1903, he was united in marriage to Ellen Friel, who survives, together with two daughters, Mrs. J. Willard Jones and Miss Eleanor Hennessey of Dixon; one brother, John of St. Louis; three sisters Mrs. Edward Vaile of Dixon Mrs. John Steigle of Phoenix Ariz. and Miss Mame Hennessey of Washington D. C.; three grandchildren and an aunt Miss Bridget Hennessey of Chicago. One son preceded him in death.

He was a member of the Holy Name Society of St. Anne's Catholic church and Dixon Council No. 690, Knights of Columbus.

Funeral services will be held from the home, 318 East Chamberlain street Monday morning at 9 o'clock and from St. Anne's Catholic church at 9:30, where solemn high mass will be celebrated by Rev. Fr. C. L. Caine. Interment will be in Oakwood,

IMPROVEMENT OF BUILDING IS NEXT STEP

Transaction Good News to Chamber of Commerce

Dixon Chamber of Commerce officials were delighted to learn late yesterday that the Freeman Shoe Company of Beloit has purchased outright, from the Union Fabric Company of Derby, Conn., the three story factory building in the southwest section of Dixon, already occupied by the shoe manufacturers on a rental basis. The Freeman Company also has decided to make extensive improvements on the property which will greatly increase its usefulness.

Steel fabrication throughout the interior of the structure at a cost of about \$10,000 is planned, giving support to all the floors above the ground, independent of the walls, and allowing the use of heavy machinery on the upper floors.

A new heating system will be installed since the steel fabrication will necessitate removal of all the wall radiators and it is probable that a modern blower system will take its place.

Credit to Dixon C. C.

This highly rated shoe manufacturing concern, which now employs over a thousand shoemakers in its two factories in Beloit, Wis., making a high grade of men's shoes, was induced to come to Dixon some weeks ago through the efforts of the Dixon Chamber of Commerce and its Industrial Committee. Dixon people then contributed a fund of several thousand dollars which was used by the Chamber of Commerce in making extensive repairs and improvements to the building.

The factory is already in operation in a small way, cutting soles and heels. Five big sole cutting machines are being run by Dixon men at present and new ones are being started as rapidly as men can be trained to operate them. There will be sixteen of the sole cutter machines on the ground floor at an early date, seven being already installed and the others being in transit. The making of heels, counters, and the sorting, etc., will occupy the rest of the factory space. They will manufacture 7,000 pairs of soles, heels and counters daily, using the very highest grade of material.

Use Costly Leather

At present there is approximately \$50,000 worth of sole leather of the finest quality, four car-loads

Mrs. Mary Hammer of Polo is Called

(Telegraph Special Service)

Polo, April 2.—Mrs. Mary Hammer, widow of the late William Hammer, passed away at her home on North Franklin street at 2 o'clock this morning, the result of a heart attack. Funeral services will be held at the home at 2:30 P. M., Sunday, Rev. R. P. Graebel of the Presbyterian church officiating, and with burial in Fairmount.

Mary Miller was born near the Pines, east of Polo, August 15, 1852 and was married Feb. 3, 1870, to William Hammer, who preceded her in death March 31, 1930. One son, Orville, also passed away years ago. She is survived by four daughters, Mrs. Edith Coffman, Mrs. Daisy Foster, Mrs. Eva Metz and Miss Mary, all of Polo; and three sons, Clarence, George and Ray, also all of this community.

Native of Amboy Died in Belvidere

Thomas A. Baker, a native of Amboy, aged 64, was found dead in his bed at his home in Belvidere yesterday morning. Funeral services will be held in Belvidere tomorrow afternoon, with burial there.

Mr. Baker was born in Amboy, June 2, 1872, the son of Mr. and Mrs. Aaron Baker, and had lived in Belvidere for 48 years. His marriage to Miss Bertha Wascher took place in Beloit, Wis., July 5, 1893. Surviving are the widow; two children, Mabel, at home, and Charles, of Belvidere; a sister, Mrs. Bessie Jones, Oregon; and five grandchildren. A son, Ray, a brother and three sisters preceded him in death.

## STEEL PRICES FAR TOO HIGH ASSERTS F. D. R.

Washington, April 2 —(AP)—President Roosevelt told a press conference today that prices of durable goods such as steel and copper were far too high. He added the time had come for the government to discourage Federal expenditures for such goods and to encourage expenditures for consumer goods.

The President's lengthy informal statement on the present trend of prices was prompted by a query as to his position on future public works expenditures.

He said he told the five House Democrats who called on him yesterday to discuss the PWA that future Federal public works expenditures should go, not for steel bridges and other such permanent structures, but for channel dredging and earthen dams.

Expenditures for the latter projects, the President said, would give a larger purchasing power for consumer goods. He added there was too great a spiral of heavy goods prices and that this, judged by past experience, constituted a danger signal.

The President said steel had increased in price about \$6 a ton, he commented that this was two or three times larger than the wage increase recently approved by the industry.

## Martin Insists CIO Isn't Trying To Wreck A. F. of L.

St. Louis, April 2—(AP)—Homer Martin, head of the United Automobile Workers of America, told a meeting of automobile mechanics here last night that the Committee for Industrial Organization is not seeking to destroy the American Federation of Labor or any functioning union.

The John L. Lewis group of unions is "determined," Martin said, to create and organization of workers sufficiently powerful to deal with employers on a nationwide basis in social and economic problems which he termed "a hell of a mess."

"We have no chip on our shoulders," Martin said, "but we do assert that paper jurisdiction over workers does not count. It's organization."

Martin reiterated his defense of the sit-down strike made earlier in an address before a meeting of the Progressive Miners Union at Gillespie, Ill. Martin was invited to address the miners only for the purpose of giving them information on the labor situation in Michigan, John Fisher, president of the mine local, said.

Appearing in Magistrate Michael Ford's court for preliminary hearing, with bruises showing on the right side of his face, Gedeon, through his attorney, Peter L. P. Sabbatino, asked that nominal bail of \$50 be set.

Assistant District Attorney Ray Leo argued against Sabbatino's request, asked \$15000 bail and said: "I understand this man is the principal suspect in the Gedeon triple murder."

Claims Body Is Bruised  
Magistrate Ford then set bail at \$10000, and ordered the case up for hearing at 1 P. M. (CST) in felony court.

Sabbatino's request that four physicians be permitted to examine Gedeon in Tombs jail was granted by Magistrate Ford, but an additional request for permission to photograph the little upholsterer's body, which Sabbatino said was badly bruised during the two-day police questioning, was refused.

No effort was made immediately to raise bail, and Gedeon was taken back to the Tombs.

Sabbatino, heading for the prison to watch the physical examination of his client, hotly charged police with "brutality" during their protracted questioning.

## GEDEON HELD IN \$10,000 BAIL IN EASTER SLAYING

## Upholsterer Found Illegally Possessing Pistol

New York, April 2—(AP)—Joseph Gedeon, 55-year-old upholsterer, was held in \$10,000 bail today on a charge, of possessing a revolver illegally, as detectives continued their frantic search for the slayer of his artist model daughter "Ronnie" and his estranged wife May, in the Easter morning triple murder. Frank Byrnes, a roomer, was the other victim.

Appearing in Magistrate Michael Ford's court for preliminary hearing, with bruises showing on the right side of his face, Gedeon, through his attorney, Peter L. P. Sabbatino, asked that nominal bail of \$50 be set.

Assistant District Attorney Ray Leo argued against Sabbatino's request, asked \$15000 bail and said: "I understand this man is the principal suspect in the Gedeon triple murder."

Gedeon frankly admitted that the gun detectives found in his

holstery shop had been in his possession 29 years.

Police said the gun has no reference at all to the murder mystery. Charged with violation of the Sullivan anti-firearms law, Gedeon denied he had any idea that he was breaking a law. He gave his history frankly, and said he came here some 30 years ago from Hungary.

Detectives who questioned him at headquarters said nothing had been added to their scanty knowledge of the crime.

## Monthly Meeting Of St. Paul's E. R. B. Class Thursday

E. R. B. class of St. Paul's Lutheran Bible school held its regular monthly meeting Thursday evening, April 1 at the church.  
Mrs. Millie Christianson the president, presided. The meeting opened with two songs. Mrs. Florence Stewart accompanied on the piano. The president read the scripture lesson and also led in prayer, and read an article, followed by another song.

Minutes of the previous meeting were approved as read. The treasurer gave a good report. Roll was called and fifteen members responded with two visitors present. A motion was made and carried that a rummage sale be held April 24 at the church.  
It was decided that our next meeting be a scramble supper and guest night. It will be followed by an auction sale for the entertainment part of the evening.

The business session closed by a song and all repeated the class prayer. A program was then given and was as follows: Piano solo by Mrs. Henry Grobe, who responded with an encore; vocal solo by Ned Auman, accompanied on the piano by Mrs. Earl Auman. Two violin solos by Miss Mable Louise Potter accompanied on the piano by Mrs. Earl Auman.

This concluded the wonderful program which was enjoyed by all present. Games were played. Delicious refreshments were served consisting of ice cream, cake, nuts and coffee. Hostesses were: Mrs. Minnie Auman, Miss Laura Long, Mrs. Carrie Ortigiesen and Mrs. Mary Sweitzer.

## Bride-Elect Was Honored Last Eve

Mrs. William Duling and Miss Catherine Drew entertained at the home of the former, 601 Third street, last evening, in honor of Mrs. Anna Charland, who will soon become the bride of Paul Wall. Bunches were played during the evening. Mrs. Helen Roach winning first prize, Mrs. Mary Vaughn second and Miss Helen Spielman the consolation. A miscellaneous shower resulted in the bride-elect receiving many beautiful and useful gifts and the best wishes of those present. Late in the evening tasty refreshments were served.

## ST. PAUL'S LADIES AID SOCIETY MEETS

The Ladies Aid society of St. Paul's Lutheran church met at the church Thursday afternoon. Mrs. Reese reading the Scripture and Mesdames Elizabeth Beier, W. W. ## Flower Sale For Blind Tomorrow

Arrangements have been completed for the flower sale on Saturday, April 3, to aid the American Brotherhood in its work for the blind.

Taking Helen Keller's saying, "It is almost impossible for a blind person to succeed unaided," as a text, the Brotherhood is basing the sale on a chance and not a charity for the blind.

All proceeds will be used to provide practical aid for those who sit in darkness. Flowers will be sold at homes and on streets for whatever sum a person is willing to give and the public is invited to co-operate in the campaign.

## Tells How To Whip Cream That Will Remain That Way

Many a homemaker seems to have difficulty in using whipped cream to "frost" her cakes. The complaint is that after the cake has stood for more than a day the cream soaks into the cake layers, making them soggy.

Another problem with whipped cream is that of keeping it from liquefying and separating when prepared ahead of time. This is often the case when the cream is whipped early in the evening for use in late evening refreshments.

A remedy for these problems is the use of a small amount of unflavored (do not use flavored) gelatin which is whipped right up with the cream. There is absolutely no difference in the taste or color of the whipped cream and the method of preparation is simple.

One very interesting glaze for the baked ham is made from marshmallows and lemon juice.

**Lemon Marshmallow Glaze**  
16 marshmallows  
1/4 cup lemon juice  
1/4 cup water

Place marshmallows, lemon juice and water in saucepan and heat until marshmallows are thoroughly melted. Boil vigorously for about 3 minutes or until mixture is clear and transparent. This glaze is poured over the ham after the rind has been removed. The ham is returned to the oven and basted frequently during the last period of the cooking.

**Baked Ham With Spicy Pineapple Coating.**

Remove rind from partly baked ham. Score fat and dot with whole cloves. Rub with a mixture of 1 cup crushed pineapple, 1 cup brown sugar, 2 tablespoons of sweet pickle juice (drained from sweet fruit or vegetable pickles), and 1 tablespoon ham drippings. Return ham to oven to finish baking.

**Honey Glazed Baked Ham**

Remove rind from partly baked ham. Slash fat in diagonals and insert a whole clove in the center of each diamond. Pour 1 cup strained honey over the surface and return to oven to complete baking. Baste frequently with the mixture of honey and drippings in the bottom of the pan. Garnish with chilled, minted pears and watercress and sprinkle surface of glazed ham, if desired, with finely chopped maraschino cherries.

## DAILY HEALTH

By DR. IAGO GLADSTON  
Reducing Without Hunger

When a physician advises his patient to reduce, he is quite likely to be met with the protest, "Doctor, I don't like to go hungry."

This protest, however, is based on a misconception. One does not need to go hungry while reducing.

Hunger is mainly appeased by the bulk, not by the caloric content of the foods eaten, and it is possible to devise a filling diet which is very low in nutriment. The real task in reduction lies not in going hungry but in abstaining from those favorite foods which are rich in calories.

Let us for example take two teaspoonsful of sugar and see their equivalents in other foods. The caloric value of the sugar is 120. This is the equivalent of each of the following:

One and two-thirds eggs; two slices of medium fat roast lamb, each one-eighth inch thick, and

4 1/2 by 2 1/2 inches in size; one piece of medium fat sirloin steak 2 1/2 by 2 1/2 by 1 inch; 2 apples or 2-3 cup of applesauce (without sugar); one banana; two large artichokes; one medium sized baked potato; two slices of white or rye bread; one average glass of whole milk.

Half of a small head of lettuce contains 32 calories, but it adds substantial bulk to a meal. A cupful of spinach, of summer squash, or of Brussels sprouts is worth no more than 20 calories, but each will go far to help "fill" a hungry person.

Now let us contrast with the above a few "luxury foods." Fifteen almonds or 20 peanuts, or 3 English walnuts contain approximately 100 calories. One tablespoonful of mayonnaise contains 135 calories. An ordinary square of chocolate is worth 187 calories. A tablespoonful of corn syrup, of honey, or of maple syrup averages approximately 100 calories.

For all these comparisons it must be evident that "hunger is no bar to reduction." No one needs to hunger.

One does, however, need to eschew sugar, starch and fats—the very foods the overweight person is likely to relish most.

## Bowling Congress Officers Vote On 1938 Site Today

New York, April 2.—(AP)—Bowling is a secondary feature today as approximately 1,000 officers and delegates of the American Bowling Congress go into a huddle to elect officers, change rules and vote on the site for next year's pin classic.

Team leaders remained undisturbed during last night's sessions. Earlier, two names went to the top in the singles class when Ernie Soest, Santa Monica, Calif., crashed into first place with 729 and Billy Knox, Philadelphia, hit 725 for the runner-up spot.

## TAX VALUATIONS FOR TOWNSHIPS ARE COMPILED

### Scale of Valuations Virtually Same As Last Year

The total tax valuations for each township of Lee county for 1936 have been compiled in the office of County Clerk Sterling D. Schrock and were completed today. The valuations for all taxes in each separate township in the county is as follows:

Alto, \$33,387.42; Amboy, \$66,014.95; Ashton, \$29,201.87; Bradford, \$24,474.94; China, \$37,461.05; Dixon, \$445,465.89; East Grove, \$14,943.06; Hamilton, \$19,510.92; Harmon, \$24,287.94; Lee Center, \$27,033.91; Marion, \$16,296.27; May, \$13,245.14; Nachusa, \$19,537.02; Nelson, \$21,278.56; Palmyra, \$24,172.73; Reynolds, \$25,936.40; South Dixon, \$23,743.39; Sublette, \$32,475.03; Viola, \$22,607.83; Wilcox Creek, \$28,365.27; Wyoming, \$41,021.98.

### Assessors Set Scale

At a meeting of the assessors of the several townships of the county held at the court house yesterday afternoon, the following scale of valuations were adopted, which were practically the same as last year with the exception of grains which was increased in some instances.

Wheat will be valued at 50 cents a bushel, rye and corn at 40 cents, barley at 30 cents, soy beans at 60 cents, and clover seed at \$7 a bushel. The value of wheat, rye and corn was increased 10 cents a bushel. Hay will be valued at \$8 a ton, while the timothy seed value was set at \$1 a bushel. Oats will be assessed again at 20 cents a bushel.

### Other Regulations

Money, cash, bank deposits, net credits, stocks and bonds, mortgages and notes, and all other personal property will be assessed at 40 per cent of their face value. Household furniture and furnishings, office and store equipment, personal effects and machinery and equipment will be assessed at one half of their fair cash value. Merchandise and goods on hand or in process will be valued for the assessment at 50 per cent of the invoice figure.

Automobiles, trucks, and buses will be assessed at 30 per cent of their book value, and cattle will be assessed at 50 per cent of their fair valuation. The top valuation for dairy cattle will be \$40, and there will be a limit of 4 cents per pound for feeders. Horses and mules will be valued at 50 per cent with a \$50 limit, sheep at \$4 per head, and goats at \$2. Swine will be assessed at a rate of approximately \$4 per hundredweight.

## DETROIT YOUTH IN BADMINTON TOURNAMENT LEAD

Chicago, April 2.—(AP)—The first national badminton tournament swung into the quarter-final round today with stars from the east and far west dominating battles for the singles championships.

Walter Kramer of Detroit, a favorite to take the men's singles crown, advanced yesterday by defeating Frank Roberts of Baltimore and George Brent of Chicago. Hamilton Law of Seattle eliminated Seymour Peskind of Chicago and Stephen Hartshorn of Boston, while Hock Simong, University of California ace, advanced at the expense of John Hill of the University of Illinois and Gilbert Carpenter of Westport, Conn.

Others still in the running were Chester Goss and Don Eversoll of Los Angeles, Kenneth Ridgeway of Garden City, N. Y., Henry Araynolds, the lone Illinois men's quarter-finals representative, and Leeland Gustavson of Westport, Conn. Seattle, Boston and Westport, Conn., with two competitors each, made the best showings in the women's single division.

## COLLEGE BOXERS TO TEST SYSTEM

### Coach Perfects Way Of Eliminating "Brutality"

Appleton, Wis., April 2.—(AP)—Boxers climbed into the ring at Lawrence college today to complete a long experiment under a new system of scoring which Coach Paul H. Derr believes will eliminate the brutal aspect of the main art.

Derr calls the plan, with which he quietly has been experimenting several years, a "body blow superiority" system.

Under it boxers are instructed a round will end when one fighter has landed five—or any predetermined number—more hard body blows than his opponent. If one wins two successive rounds by a margin of five hard blows, the third round is not fought.

"However," Derr said, "when boxers are so evenly matched they can exchange blow for blow, the rounds are terminated and the match is decided in the ordinary manner."

"This eliminates long, brutal slug-fests in which an inferior fighter feels compelled by spectators to stay in the ring long after the match has ceased to be an exhibition of boxing."

Derr first began experimenting on his scoring system at the University of Illinois. Continued tests at Lawrence for the last two years, he said, has convinced him of its practicality.

## STATE COLLEGE THINCLADS HOLD INDOOR CLASSIC

### Pole Vault, High Jump, Low Hurdle Records May Be Topped

Naperville, Ill., April 2.—(AP)—Records in the pole vault, low hurdles and the high jump may be topped tomorrow when Illinois Intercollegiate conference thinclads meet at North Central college's Merner fieldhouse for the seventh annual I. C. C. indoor track and field meet.

Four defending champions are among the 200 athletes entered. Lloyd Siebert of North Central will defend his pole vault record of 13 feet, 5 1/2 inches, made last year. Tom Slance of Illinois Wesleyan will be out to better his own shot put mark of 43 feet, 3 inches, made last season.

Siebert, who set a fieldhouse record of 6.9 seconds for the 60-yard low hurdles, may crack that mark in addition to bettering his pole vault record. Charles Bechel, Northern Teachers freshman, is expected to better the high jump mark of 6 feet, 3 1/2 inches.

## Atcheson Blocks Platak's Drive To Handball Honors

Chicago, April 2.—(AP)—Sam Atcheson of Memphis, Tenn., a former champion, will try tonight to halt Joe Platak's march toward a third straight national A. A. U. handball singles title.

On Saturday afternoon, Joe Gordon and Andy Berry of Los Angeles, will defend their team title against Platak and Bob Weiller. Gordon and Berry defeated Lefty Coyle and Ed Linz of New York last night 5-19, 21-13. Platak and Weiller disposed of Joe Goldsmith and Lloyd McGinnis of Long Beach, Calif., the latter formerly of Canton, Ill., 21-12, 21-17.

## SECOND ANNUAL RELAY CLASSIC AT BRADFORD

### All Schools May Enter In Respective Divisions of Meet

Bradford high school will hold its second annual Relay Carnival and Field meet April 24. From inquiries received in the last few days the meet will be bigger and better than last year when we had such athletes as Shaughnessy of Chicago, state champion in the pole vault; Key of Peoria Central, state point winner in the high jump; Hopkins of Bradford, state point winner in the javelin; Stein of Farmington state point winner in the mile and others who competed on the relay teams that went to the state.

The meet, as last year, is divided into A and B divisions—all schools over 300 in the A division and all schools under 300 in the B division. The divisions are then divided into freshmen-sophomore and varsity divisions. This gives the athletes of any school a chance to compete against boys of their own age and ability.

The awards are made up of trophies for the winning teams of both A and B divisions—gold track shoes to each member of the winning relay teams and medals to winners in the individual events. The awards are of high quality and something the winners will be proud to own.

The meet is predominately a relay carnival, there being 14 different relay races in all, but to take care of teams with outstanding individual performers we have the six field events and the 120 yard high hurdles included.

Information has gone out to nearly every coach in this part of the state. Those who did not receive this information and are interested in the meet write to Frank V. Wilcox, athletic director, Bradford high school.

**WE IMPORT MEATS**  
Corn Belt Farm Dailies have completed a survey of agricultural conditions and have reported meat importations running at record high levels. Denmark, Lithuania, Italy, Hungary, Holland, Germany, Estonia, Czechoslovakia, Canada, and Argentina are listed as countries that are helping feed the United States, and the papers comment that heretofore the United States has been supplying meat to Europe.

"It must be obvious that through restricted production and reciprocal tariff agreements we have adopted policies in this country that have opened our doors to the importation of meats in substantial volume," the survey commented. The figures for January reveal a total right at 30 million pounds of all meats, a gain of a third over the same month last year, and four times as much as two years ago. It seems rather silly that the greatest livestock producing nation in the world should be importing meats."

The extent to which high cost rail transportation has forced the farmer to use trucks for marketing stock is indicated in the finding that motor trucks transported 55.8 percent of the cattle, hogs, and sheep from farms to seventeen leading markets in 1936, compared to 51.6 percent in 1935. This established a new high record in percentage of stock trucked to market. The percentage was reported higher at the smaller markets. On hog shipments alone the trucks take a much greater proportion.

**A COLOSSAL BLUNDER**  
Twenty years ago Germany had opened unrestricted warfare upon all ships entering the proscribed zone about the British isles, France and wherever else the kaiser thought it should extend.

Exhaustive research produces increasing evidence that the Germans should have waited just two months longer before deciding to sink all ships entering the zone. If they had waited that much longer, such a measure would not have been necessary. The allies would have been forced to sue for a peace by negotiation, which would have meant a victory for Germany.

Not that it would have made much difference in regard to world peace today. If the Germans had won and had imposed their own terms upon the allies, it is probable that the allies today would have been tearing the treaty to shreds and preparing a war of revenge, just as the Germans are preparing today. But America might have been spared the necessity of going into the war in 1917.

The Germans, until 1918, had been contemptuous of American military power and genius. In 1864 the great von Moltke of Germany was asked his opinion of the American Civil war operations of Grant and Lee. "I am not interested in a contest between armed mobs," he answered.

That very nearly characterized the German opinion of United States military prowess. Von Bernstorff has written since the war that he sought to dissuade the high command from its unrestricted submarine warfare. He knew what might be expected from the United States. Having served here as ambassador, he knew something of the wealth, manpower and resources of this land. But the German high command was not afraid of an armed mob.

It will be remembered that the Russian collapse and revolution enabled the German high command to withdraw many divisions from the east and concentrate them upon the western front. From then on, if the United States had remained out of the war, the struggle would have been mainly between Germany on the one side and France and Great Britain on the other.

After a survey of the situation as it existed at the time, many competent observers have declared that within two months after the Russian collapse, Germany could have thrust such powerful drives against France as to have compelled that country to sue for peace. With France out of the way it is believed the English could have been induced, in the name of humanity, to negotiate.

But the Germans, in the spring of 1917, were impatient, arrogant. They were feeling the pinch at home and they wanted to end the fight quickly. So, in total disregard of their own pledged word, and in defiance of international law, they began the practice of sinking any and all ships, regardless of their nationality, their errand or their cargo, whenever those ships entered certain waters. They made no effort to save the passengers, and gave no warning before they struck.

Because of that the Germans were taught a lesson they probably will remember, even though the present American congress has withdrawn from the position we held in 1917.

**OPPORTUNITY FOR THE FARMER**  
Pyrethrum cinerariaefolium is a plant of the daisy family. A powder prepared from this plant has been used in this country for years in the fight on harmful insects, such as mosquitoes, houseflies and garden pests. But pyrethrum cinerariaefolium is not grown in the United States. Congressman Everett M. Dirksen of Illinois reports that we import the whole supply. Ninety percent of it comes from Japan, and the remainder from Yugoslavia. Why we are compelled to depend upon foreign nations for something that can be grown by our own farmers, as Congressman Dirksen says the flower can, is a mystery. It is something for the farmers to investigate.  
Pyrethrum powder apparently harmless to man,

but when it gets in contact with an insect, the creature's breathing apparatus is paralyzed. It is said that the deadly effect of the powder was discovered when a gardener discovered an enormous number of dead insects in a bed of the daisies that had died and become dried.

**NEEDN'T GET EXCITED**  
Arrest of two Japanese spies at Los Angeles disclosed that they possessed plans of American fortifications in the Hawaiian islands, and plans of the Los Angeles city waterworks.  
This should occasion no great alarm. The probability is that the Japanese intelligence department already had plans of the aforementioned works, also plans of the Panama canal fortifications and everything else they wanted.  
There is a further possibility that the two Japanese were not acting under direct commission of the Jap government. The world is very well supplied with cosmopolitan characters who make a business of gathering up military information and selling it to the highest bidder, regardless of which nation does the bidding.

There is being planned a most interesting program for the members of the Fellowship society of the Brethren church when they meet next Wednesday.  
The living room of the Dale Emmer home where the meeting is to be held will resemble a radio station and the program will be in the nature of a broadcast.

**MT. MORRIS**  
Donald Clark made a call on Miss Mildred Marlow, who is making her home for the present in Indianapolis, where she is employed.

Mrs. and Mrs. M. P. Barclay of Sterling announce the engagement of their daughter, Dorothy, to LeRoy Dohlen of Mount Morris.  
Miss Barclay, who is employed at present with the National Manufacturing Company in Sterling, was once associated with the Mount Morris Elevator Company. The date for the wedding has not been set.

Mrs. Donald Clark returned Sunday evening from Frankfort, Ind., where she had gone to attend the wedding of her sister, Miss Mary Norris, who is well known in Mount Morris, having made several visits here in the past ten years.

Miss Norris, daughter of Mrs. H. L. Norris, became the bride of Newell Deacon of Indianapolis, in an impressive candlelight ceremony at 7:30 o'clock Saturday evening at the home of the bride's mother, with the Rev. Allen R. Huber, pastor of the First Christian church, officiating.

The couple exchanged vows in the living room of the Norris home before an improvised altar arranged about the fireplace, which was banked with ferns, palms and huge baskets of spring flowers in pink and white. White seven branch candelabra, lighted with cathedral candles, provided the only light for the service. Mrs. Herman Engles, harpist, played a program of bridal music, preceding the ceremony, and for the entrance of the bride, she played the "Wedding March" from Lohengrin.

The bride, who descended the stairway, leading into the living room, alone, was met by the bridegroom and together they took their places before the altar.  
For her wedding, Mrs. Deacon wore a floor length gown of light blue chiffon, fashioned on empire lines, with short puff sleeves and a V neck. A harmony blue velvet ribbon encircled her waist, and bands of velvet of the same color, trimmed the bottom of the skirt. She wore a corsage of deep pink sweet peas and rose buds.

Immediately following the reception the couple left on a short wedding trip, and upon their return will make their home in Indianapolis where Mr. Deacon is employed.

The bride traveled in a navy suit made with a short box coat, with squirrel trim. Her accessories were in grey and rose.  
It was a happy time indeed, for "Daddy" Blake when a large group, which included children, grandchildren and other relatives and friends, gathered at the Grange hall Sunday in observance of his eighty-second birthday anniversary.

What with Easter decorations and two large birthday cakes—Mr. Blake ought to be well fortified for many pleasant hours listening to the fine radio which he received as a birthday gift. Those at the party were Glen Blake and family, Mr. and Mrs. Hugh Blake and family, Mr. and Mrs. Ralph Blake and family, Miss Opal Hertzfeldt, Mrs. Ruby Hertzfeldt, Mrs. Rosie Diehl, Lloyd Diehl, Miss Edith Judd, Leland Sweet (Polo) and John Ferguson.

The regular meeting of the Woman's club will be held on Monday evening at 7:30 o'clock in the

music room of the high school. Bryant Zimmerman, freshman in the high school, who recently won first place at the sectional contest, will give a program of piano selections.  
Mrs. L. N. Deutsch, first vice president of the thirteenth district, Illinois Federation of Woman's clubs will give the address, using as her subject, "Hash." This will be a compilation of interesting information along various club lines.

Mrs. Charles Sox entertained the members of the Entre Nous bridge club at her home in the Kable apartment building Thursday evening.  
The members of the Q. P. K. bridge club will play at the home of Mrs. Howard Bronson this afternoon.

There is being planned a most interesting program for the members of the Fellowship society of the Brethren church when they meet next Wednesday.  
The living room of the Dale Emmer home where the meeting is to be held will resemble a radio station and the program will be in the nature of a broadcast.

Mrs. Fayette Rose will be the hostess for the members of the Missionary society of the Methodist church on Wednesday afternoon. Mrs. Elmer Clapper will lead the devotions and Mrs. Clyde Walkup will review a chapter in the study book.

Raymond Pollock of Adel, Iowa, visited in the home of his mother, Mrs. Nannie Pollock, several days last week. Friday evening Mrs. Pollock and grandson, Larry Gene Bucher, accompanied Mr. and Mrs. Willard Powers and Mrs. C. C. Weaver to Iowa where they spent Easter. The Powers' and Mrs. Weaver visited in Des Moines while Mrs. Pollock and Larry went to Adel.

Miss Lillian Thrun spent Easter with her grandparents in Batavia. Mr. and Mrs. O. T. McCoy left Tuesday for St. Louis where they will visit until Sunday.  
Lyle Meeker of Chicago, spent the week end visiting in the home of his parents, Mr. and Mrs. Fred Meeker.

Mrs. Vivian Carter Johnson is entertaining the Girl Scout camp counselors in the Ivy room in the Woman's club building in Rockford, Saturday. Miss Grace Ritso, captain of the local troop, will be in attendance.

Mount Morris Community high school will be the host to the sixth annual sub-district contest on Saturday, April 3. This contest will mark the first contest sponsored by the new organization, the Illinois State Vocal Association. This organization is under the direction of the vocal teachers of the state high schools. Mount Morris is a member of district 3 which includes 16 counties of northern Illinois. The Mount Morris sub-district includes Whiteside, Carroll, Ogle, Lee, Stephenson, Jo Daviess, and Winnebago counties. The following schools are sending representatives to the contest this Saturday: Stillman Valley, Winnebago, Rochelle, Prophetstown, Galena, Polo, Mt. Carroll, Savanna, Byron, Stockton, Harlem, Ashton, Durand, Franklin Grove, Leaf River, Forreston and Lanark. J. Leslie Pierce, who is sub-district manager, is also a member of the executive committee and treasurer for district No. 3.

Two sessions will be run simultaneously at the Brethren and Lutheran churches. Miss Margaret Weatheroff of the music department of the Illinois State Normal University will judge the events at the Brethren church. Miss Ernestine Johnson, head of the vocal department of the Freeport high school will judge the events at the Lutheran church. The sessions are free and the public is invited to attend.

Those in the speech contests who are picked for the first division, will go to the district contest in DeKalb on Saturday, April 10, for further elimination preliminary to the state events, while those in the music section, will go to DeKalb on Saturday, April 17.

**SIT-DOWN JURY DISCHARGED BY IRATE JUSTICE**  
San Francisco, April 2—(AP)—A "sit-down strike" of a grand jury—prying into charges police were paid \$1,000,000 annually to protect vice and gambling—was answered today by summary dismissal.  
"Neither this jury nor any other can 'sit-down' on the public interest of San Francisco," Superior Judge George Steiger was quoted as saying in a story copyrighted by the Chronicle.  
"I believe the jury has destroyed public confidence in the outcome of the current proceedings by inexplicable and incessant bickering and confusion within its own ranks."  
Judge Steiger held the jurors were in contempt of court when they refused to appear before him to discuss the advisability of their continuing as investigators. The jury sat placidly in its own chambers for an hour yesterday.  
Dismissal between court and jury arose over removal of District Attorney Matthew Brady as prosecutor of the investigation. It was disclosed that Brady's note for \$1,170 was held by Peter McDonough, whose bail bond brokerage house was described by a special investigator as the "fountainhead of corruption."

## Cultivation

BEFORE transplanting plants  
raised in hot beds and cold  
frames, harden them off by leav-  
ing off the sash during the day.  
If the weather is good, leave off  
during the last few nights before  
moving the plants.

EVERY improvement that you  
have on your grounds is really  
an investment that can be meas-  
ured in dollars and cents of in-  
creased value to the property.

MAKE THE CARE of your gar-  
den a part of the day's routine.  
A few moments each day will  
then be sufficient.

LIME IS NOT a plant food. Its  
value is in correcting a sour or  
acid soil condition and in making  
clayey soils looser and more  
pliable.

IF YOU HAVE an open fireplace,  
use oak and save the ashes.  
Hardwood ashes are an excel-  
lent fertilizer and when pur-  
chased are expensive.

FROGS and toads, hornets,  
garden spider, dragon flies, are some  
of the desirable friends in your  
garden for they feed on both the  
adults and the larvae of harm-  
ful forms.

ARSENATE OF LEAD is the  
only really successful preven-  
tive for Japanese beetle. Before  
using, get detailed instructions  
as it is very poisonous.

EVERGREENS should have  
plenty of water. Spray the foliage  
frequently to wash off the  
dust and dirt and to keep down  
the attacks of the red spider.

USE An oil rag to wipe off  
your tools after using. The slight  
film of oil will generally  
keep them from rusting.

INSULL FIRM  
POOLED MONEYNine Largest Creditors  
Benefitted By Mil-  
lions

Chicago, April 2 — (AP) — The  
Herald-Examiner said the Sam-  
uel Insull family pooled its pos-  
sessions in a trust of between \$2-  
000,000 and \$3,000,000 for the be-  
nefit of its nine largest creditors  
when the Insull utilities empire  
tumbled in 1932.

It said that on June 14, 1932,  
Insull, his wife, Margaret, and  
their son, Samuel, Jr., posted the  
a trust to apply on the nine cred-  
itors' claims, aggregating \$16,829-  
523.37.

Creditors listed to benefit from  
the trust and the amount of their  
claims, the paper said, were: Con-  
tinental Illinois Bank and Trust  
Company, \$6,160,000; National  
City Bank of New York, \$5,000-  
000; General Electric Co., \$2,000-  
000; Utilities Finance Co., \$1,568-  
752; Central Republic Bank and  
Trust Co., \$500,000; People's Trust  
and Savings Bank, \$400,000; Rus-  
sell Brewster & Company, \$108-  
668.77; Chapin estate, \$53,102.60,  
and the Chicago Historical society,  
\$40,000.

The paper said records of state  
courts failed to disclose any time  
the trust fund was mentioned in  
the voluminous record of litigation  
concerning the Insull affairs.

Czechs' Military  
Courts Restored

Praha Czechoslovakia, April 2—  
(AP)—The Czech government took  
action today to involve war-time  
military field courts in place of  
peace—a powerful weapon for the  
safeguarding of the nation's de-  
mocracy against possible attempts  
to overthrow it on its promi-  
nent German border.

A bill presented to parliament,  
with its passage later, granted  
provided the military courts may  
function in peace time if there are  
events within the borders of Czech-  
oslovakia or on its frontiers which  
endanger the unity of the state, or  
its republican democratic forms, or  
the public security.

Modern science admits the pos-  
sibility of a collision between a  
comet and the earth. If  
the comet particles were small,  
they say, no danger would result,  
but if they were huge rocks, there  
might be considerable damage at  
the point of collision.

## STATE BUDGET

DEFICIT PARED  
BY \$7,500,000Small Chance For Gen-  
eral Salary Raises At  
University

Springfield, Ill., April 2 — (AP)—  
Rep. Reed F. Cutler, Lewistown  
Republican, estimates the \$18,800-  
000 deficit in the provisional bud-  
get has already been reduced by  
\$7,500,000 as the result of confer-  
ences.

Cutler is a member of the ap-  
propriations sub-committee that  
has met for two weeks with Gov-  
ernor Horner and Finance Direc-  
tor S. L. Nudelman to take up in-  
dividually the requests of state of-  
ficials for funds during the next  
biennium.

Two more weeks will be needed  
to complete the conferences at the  
executive mansion, Cutler estimat-  
ed, after which the appropriation  
bills will start to appear in the  
legislature.

Cutler said definite decisions  
have not been reached but indicat-  
ed that \$2,000,000 would cut from  
requests for buildings at the Uni-  
versity of Illinois, and \$2,500,000  
for normal school buildings. In  
the adjustments, he predicted that  
some salaries, depending on the

merit of individual cases, but said  
there was small chance for gen-  
eral raises.

One of the university buildings  
tentatively dropped from the ap-  
propriation list is the journalism  
building.

Cutler, former Republican floor  
leader, said the budget would be  
eventually be balanced by with-  
drawal of appropriation requests,  
cuts by the legislative committees  
and vetoes by the governor.

Typical of requests for new ex-  
penditures, Cutler said the depart-  
ment of agriculture wants \$50,000  
for the control of the Japanese  
beetle, a new tree pest in the Chi-  
cago area. The legislator said that  
request might be granted.

Conservation Week  
In Illinois May 9

Springfield, Ill., April 2 — (AP)—  
Governor Horner has designated  
the week of May 9 as "conservation  
week" in Illinois, so that "our peo-  
ple may again be reminded of the  
necessity of practical conservation  
in public planting."

Governor Horner expressed the  
wish that its observance become an  
annual Illinois institution.

## BOBBY JONES' RIVALS FIND HIM EASY FOE

### Great Atlantan Is In Last Place At Augusta Meet

Augusta, Ga., April 2.—(AP)—Keeping up with Jones is no longer a job in golf.

As the 46-man field lined up for the second round of the fourth annual Augusta national golf championship today, the once unbeatable Bobby Jones was tied for next to last place while Byron Nelson, handy blind sharpshooter from Reading, Pa., blazed the trail with a record 66.

Bobby, looking even worse than his score, fell out of the running yesterday with a shaky 79.

Training Nelson was Ralph Guldahl, who streaked home with a back nine 32 for an 18-hole 69.

Tied at 70, two blows under par, were Wifly Cox, Washington; Ed Dudley, home club pro, and Lawson Little, former amateur champion.

At 71's came belting Jimmy Thompson, Shawnee-on-the-Delaware, Pa., Johnny Revolta, former P. G. A. champ from Chicago; Tony Manero, open champion; Ray Mangrum, Pittsburgh, Pa., and Len Dospina of Springfield, Mo.

At Espinosa, Mexico City, and Victor Ghezzi, Deal, N. J., had par 72's, making an even dozen contenders who had par or better.

## LAURI, SEABACK TIED FOR POCKET BILLIARD LEAD

New York, April 2.—(AP)—Onofrio Lauri, a Brooklyn veteran, and Charles Seaback of Boston were tied for the lead in the world pocket billiard title tournament today, while some of the biggest names in the game, including Ralph Greenleaf of Chicago; Andrew Ponzl of New York, and Jimmy Caras of Wilmington, Del., the defending champion, were back in the field.

Lauri and Seaback took the lead with two victories and one defeat each after yesterday's play, which was featured by their wins and Willie Mosconi's run of 78 in his 125 to 48 victory over Irving Crane of Rochester.

Fay Gainer, Vineland, N. J., lost to Lauri 125 to 88, in 19 innings and Seaback stopped Marcel Camp, Detroit, 125 to 79, in 15 innings.

This afternoon Seaback meets Mosconi and Gainer plays Greenleaf. Tonight Joe Diehl, Rockford, Ill., plays Camp and Caras meets Benny Allen of Kansas City, who trimmed Diehl, last night, 125 to 83.

The standings:

	W.	L.
Charles Seaback, Boston	2	1
Onofrio Lauri, Brooklyn	2	1
(2)(x) Willy Mosconi, Philadelphia	2	1
(2) Erwin Rudolph, Cleveland	1	1

## MAX REOPENS BERLIN OFFER TO BRADDOCK

### Machinery Grinds Again For Bout In Chicago

Chicago, April 2.—(AP)—Champion James J. Braddock and party moved into Chicago today, heartening the town's fight fans by their apparent determination to go through with a world title bout against challenger Joe Louis at Comiskey Park, June 22.

Chicago, April 2.—(AP)—The machinery set to bring a world's heavyweight title fight to Chicago June 22 began grinding again today, but the "monkey wrench" possibilities still were wide open.

Promoter Joe Foley had a hotel suite all ready for Champion James J. Braddock and Manager Joe Gould, due from New York to consider a training site and iron out other details of the contest between Braddock and Challenger Joe Louis at Comiskey park.

A disturbing note to the Chicago camp, however, was the reopening of a bid from Max Schmeling for a heavyweight title bout in Berlin in June. Joe Jacobs, Schmeling's American representative, was to telephone Gould that Braddock still can have \$350,000 to fight the German if he wants it.

Two weeks ago Gould turned the offer down and Schmeling started for home. Yesterday, Jacobs was informed by Schmeling that German promoters still were ready to offer Braddock \$350,000, free of German taxes, to meet Schmeling.

Meanwhile, Madison Square Garden's case, another jarring note in the Braddock-Louis debut, is scheduled to come up April 12 at Newark, N. J. Counsel for Braddock then will be asked to show cause why the champ should not fight Schmeling June 3 in New York. Braddock aims too be in a northern Wisconsin woods camp by that time.

## EXPECT 400 AT ILLINI DINNER

### Drive To Push Intercollegiate Athletics Commences

Urbana-Champaign, April 2.—Between 400 and 500 alumni, faculty, students, townspeople and other supporters are expected to attend Saturday night's inaugural dinner and pledge their aid to plans to advance the interest of intercollegiate athletics at the University of Illinois.

The dinner will be sponsored by the Athletic association of the university and the Chambers of Commerce of Champaign and Urbana.

Wendell S. Wilson, new director of intercollegiate athletics, just returned from a ten days tour at which he addressed Illini clubs on the athletic phase of the Illinois Plan of Co-ordination, will be guest of honor and will report on progress and plans for the future.

Prominent in the assemblage will be 50 leaders in the Co-ordination Plan campaign who will travel from various parts of the country to meet during the weekend.

Among the old time athletes who are expected to be present are Ralph T. Chapman, Harold Pogue, George (Potsy) Clark and Perry Graves, members of the 1914 championship football team; Harry Hall, who called signals for Red Grange; Charles Wham, tackle on the unscored-on football team of 1910 which tied with Minnesota for the title, and William H. Klier, member of the teams of 1894 and 1895, who has traveled from San Francisco.

Zupke, Brundage Talk

Prof. Fred A. Russell, president of the board of directors of the Athletic association, will preside at the dinner which will be given in the Woman's building at 6 o'clock. The speakers will include President Arthur C. Willard, Coach Robert C. Zupke, Avery Brundage, former trackman and basketball player, three times all-around champion of America, Earl Harrington and Harold Alger, presidents of the Chambers of Commerce of Champaign and Urbana, and Director Wilson.

Prof. Seward C. Staley, director of the School of Physical Education, will be a special guest.

Members of the championship basketball and wrestling teams will be introduced and presented with gold trophies emblematic of their titular achievements.

Representatives of a number of newspapers, including practically all those in Chicago, will attend.

William F. Pfister of the Alumni association is chairman of the general committee which also includes Lloyd Keepers and Floyd Sperry, secretaries of the Chambers of Commerce of Champaign and Urbana.

## Here and There In Sports World

By Eddie Brietz

New York, April 2.—(AP)—Get ready for the big foot race. Clark Griffith has bet Tom Yawkey \$50 Shanty Hogan will beat Rick Ferrell in a 50-yard dash when the Senators pay their second visit to Beantown in June. The "Old Fox" who doesn't make many baseball mistakes, is completely sold on Hogan's comeback. Pedro Montanez is a 7-5 favorite to whip lightweight champion Lou Ambers in the Garden Monday night. Burgess Whitehead of the Giants swears he never saw the ball when Bob Feller fanned him on three high hard ones at Vicksburg.

Same old Dodgers: Van Mungo swung so hard at a pitch the other day he knocked the mask and cap right off Catcher Babe Phelps. Tom Yawkey must have the patience of a Job. Says now a berth anywhere in the first division will satisfy him this year. Bill Brandt, National league publicity director, says Elbert Fletcher, Bees first sacker, was the hottest rookie he saw on his swing around the Florida camps. Max Schmeling has been trans-Atlantic telephoning Joe Jacobs again. Job Charlie

Dressen dreads most of all is cutting his big Cincinnati squad to 23 men.

Fred Perry says he's going back to England this summer, sit in a front row box in Wimbledon Stadium, light a big, black cigar, and say to the boys: "Now play, damn you, play." Five of the eight American League first sackers will bat in the cleanup spot this season.

Two lions in Clyde Beatty's wild animal act at the Hippodrome went on a sit-down strike at the second matinee yesterday. "They're tired of having to do three shows a day this week," said Beatty. Some California localities are finding it hard to swallow stories from Berkeley that Stub Allison, Golden Bear coach, has shelved defense for offense in his spring football practice. Bob Harlow, who quit ballyhooing the P. G. A. after a feud with some of the officials, is dallying with the idea of a golf league in Florida next winter with eighth cities, each represented by a two-man team. Don't let anybody April fool you.

Don't be surprised if the Boston Bees turn out to be the "hot" team in the National league for the first month or six weeks. The Bees are coming north splendidly-conditioned. Bill McKechnie

has his veteran pitchers ready and most of the team's early opposition will be furnished by the Dodgers and Phillies. Mickey Cochran is going great in left field for the Washington & Lee Generals. And out at Cleveland a gent named Mike Gron reached the 18th tee of the Lake Shore golf course needing an ace to crack 100 for the first time in his career. No sooner said than done. Mike reached for a No. 7 iron and canned a 125-yarder. (P. S.: Last two items positively are not April Fool gags).

Joe Louis' tour of Texas was just so-so from a kale gathering standpoint. Houston contributed the biggest gate—\$1,200—and there wasn't much of that left when they took out the rental for a special car, "cuts" for Joe's two managers and Mike Jacobs, salaries for the two stooges who got kayved and other expenses. Bob Quinn has about given up on Vince DiMaggio as a regular this season.

Tom Gallery, Los Angeles promoter, has offered Bob Pastor \$10,000 to go west and fight Bob Nestell, latest coast heavyweight hope. Until Clyde Beatty and his lions and tigers came to town, Sixto Escobar the bantamweight champ, had never seen a circus. Now Sixto is there every afternoon.

This corner just can't go for the Gulfport story saying Hank Lei-

## Louis Poishes Off Two Foes In Exhibition Bouts

Ontario, Calif., April 2.—(AP)—Joe Louis, Negro heavyweight boxer, was enroute to San Diego today after having knocked out one Negro opponent and floored another in two exhibition bouts last night.

Detroit's championship contender polished off Leonard Dixon, 210, in 1 minute, 28 seconds of the first round. Seal Harris, 265, went the full two-round route, but was knocked down for a nine count just before the final gong.

## Indian Suspended For Dirty Tactics Against Marshall

Chicago, April 2.—(AP)—Chairman Joe Triner of the Illinois athletic commission said today he would advise the indefinite suspension of Chief Osley Sanooke, Indian wrestler from Cherokee, N. C., as the result of Sanooke's tactics which resulted in a near-riot at the Coliseum last night.

Sanooke's holds against Everett Marshall of La Junta, Colo., a claimant to the heavyweight title, drew warnings from the referee and finally started spectators tossing chairs, one of which sent Tommy Tuile, athletic commission secretary to the hospital with a severe head cut.

Referee Emil Thiery awarded Marshall the decision on a disqualification in the time of 16 minutes, 45 seconds.

# "I WAS ASTONISHED, YET!.... Dot I could get so little real German kind of beer ven first I vas in dis country!"

● A panic—that's the word for the brewing industry when beer first "came back". The country was crying for beer—millions of cases of it... overnight.

And, frankly, a lot of real beer-drinkers were pretty disappointed in the beer they got. Brewed in a rush, a good deal of it just wasn't the kind of dry, mellow, zesty drink they'd looked forward to tasting again.

Fortunately a few old brewers refused to take chances with time-tested formulas. And thanks to their good example beers are a lot better today.

Our own formula for Stag Beer—the one we used from the start in 1933—dates clear back to 1611, when our family started making beer in Stromberg, Germany. Our way is slower and costlier, but it sure gives you old-time German lager at its best.

It's a dry, sparkling beer... clear and tangy, so that it leaves a clean fresh taste. And it has a fine beer-y mellowness—beer character, we call it.

If you're a real beer lover, and haven't tried Stag, you're missing something! Order a case from your regular dealer today.

## RETAILERS OF STATE AGAINST STAMP SYSTEM

### Announce Willingness to Continue Sales Taxes

Springfield, Ill., April 2—(AP)—Organized retailers are willing to keep on paying the three per cent sales tax if they don't have to use the Ohio stamp plan.

Governor Horner and Finance Director S. L. Nudelman conferred with the retail officials yesterday as part of the campaign to extend the sales tax at three per cent and strengthen collection provisions.

While Speaker Louie E. Lewis was belatedly completing the membership of the legislature's special committee on revenue, Nudelman got the retailers to approve the emergency bill, introduced in the House this week, to keep the three per cent sales tax rate from May 1 until July 1, 1939, twenty-six months later.

On the ground that it would be a nuisance and an expense and wouldn't stop "chiseling," the retailers refused to approve the Ohio plan to use stamps, sold in advance by the state, in the collection of the tax.

**Gunning's Bill**  
Nudelman said he was "neutral" on the stamps, with the governor to decide whether the administration would sponsor a substitute for the bill introduced by Senator Thomas P. Gunning, Princeton Republican. J. C. Spiess of Elgin, president of the Illinois Federation of Retail Associations, said collection efficiency would increase if the finance department used more investigators and attorneys to stop evasions.

Although the retailers declared they would lobby against the stamp plan, they approved the series of Adamowski bills designed to give the finance department greater authority in prosecuting sales tax evaders.

With the legislature in adjournment until Wednesday, it will be impossible before then to organize the special revenue committee sponsored by Senator James O. Monroe, Collinsville Democrat.

**House Committee**  
Speaker Lewis appointed the following House members: Thomas A. Bolger of McHenry, Benjamin S. Adamowski of Chicago and Nicholas L. Hubbard of Mt. Pulaski, Democrats, and Calistus A. Bruer of Pontiac and Drennan J. Slater of Evanston, Republicans.

Senate members, named a week earlier, are Monroe and Harold G. Ward and Francis J. Loughran of Chicago, Democrats, and Simon E. Lantz of Congerville and Earl B. Seary of Springfield, Republicans.

The governor expressed opposition when the Speaker said a proposal for a tax on manufacturers might come from the special committee. Monroe has agitated for a wide-base sales tax, to take in more than a hundred occupations.

Meanwhile the governor and appropriations sub-committees are continuing efforts to balance the budget by slashing requests for funds. Administration spokesmen renewed indications they would stick by the three per cent retail sales tax for the present.

Sarasota, Fla.—The Red Sox will prime themselves for the Brooklyn Dodgers today by going through another practice game.

## URGES DIRECT VOTE OF PEOPLE ON AMENDMENTS

### Would Retain Provision For Three-Fourths States

Washington, April 2—(AP)—Senator Norris (Ind.-Neb.) advocated today that the people vote directly on proposed constitutional changes in the next general election after submission of an amendment.

"Simplification and speeding of the amending process should help materially to solve social and economic problems which lie behind the dispute over the courts," he said.

Norris disclosed he soon may offer such an amendment. He would require two-thirds votes in the Senate and House to submit an amendment to the people as at present. The provision for approval by three-fourths of the states also would be retained.

Amendments as alternatives to the Roosevelt court reorganization bill received renewed attention by the senate judiciary committee.

Walter F. Dodd, Chicago lawyer, advocated today constitutional change rather than what he termed subordination of the Supreme Court to "political branches" of government.

A letter from President Roosevelt read last night at the semi-centennial exercises of the interstate commerce commission touched on the subject of constitutional interpretation.

The president recalled that the terms "railroads" and "automobiles" were unknown when the Constitution was written.

"The interstate commerce commission is, indeed, fortunate," he wrote, "that interpretations of our charter of liberties have allowed it to function during the past half century, through recognition of the fact that an obviously national need can be met only through obviously national action."

An address by Senator Wheeler (D-Mont.) also was read at the program, declaring:

"I am unalterably opposed to diminishing the independent, bipartisan character of the interstate commerce commission or of the similar independent agencies by placing them under executive domination, either indirectly as has been the case, or directly as in a pending proposal."

There are 249,857 miles of railways in the United States.

## ROMANCE

### Not Entirely Off Gold Standard in Illinois

Chicago, April 2—(AP)—Has love a price?

The Illinois legislature thought it answered that one two years ago by passing a law banning "heart balm" suits, but a checkup showed today that romance—in some quarters at least—is not yet entirely off the gold standard.

Court dockets here still list a good many of the 75 suits, asking upward of \$4,000,000 for the shattered hearts, that were filed prior to July 1, 1935, when the law went on the statute books. Clerks estimated at least 20 remain to be tried.

The Illinois Law Review, analyzing the effect of the heart balm act in a recent issue, cited that the law bars breach of promise, criminal conversation and alienation suits but makes no mention of damages based on seduction. This omission led the Review to point out:

"Many breach of promise and criminal conversation suits may even now be brought as seduction actions in Illinois."

The journal added: "Even the states abolishing seduction actions (along with other love suits) may find cases seeking to recover upon the legal theory of deceit, defamation or rape."

The heart balm law bounced back in the news with the revival of the \$100,000 damage claim of Miss Alyce Strand, 28, who alleged J. Leslie Younghusband, wealthy cosmetics manufacturer, failed to marry her like he said he would.

Miss Strand's suit, started in 1933, was dismissed by default in February this year and reinstated yesterday upon petition of her attorney.

## LEE COUNTY FANS SEE BOXING CARD

### Northwest Illinois Central Illinois Boxers Clashed

Sterling's Gyro club provided another outstanding boxing card at the Coliseum in that city last evening which was largely attended and attracted boxing fans of Dixon, Ashton Harmon and Walton. The program matched central Illinois Golden Glove champions against those of the northwest Illinois sections and the fans were treated to some thrilling battles.

Bob Hagren of Moline, a newcomer in the 112 pound class, swung fiercely and repeatedly to win a decision over Jim Saunderson of Peoria in the opening bout, which proved an exciting three round affair.

Al Morrison of Bloomington was the recipient of the verdict in the second bout over the 135 pound weights against Johnny Allen of Peoria.

Kenny Lottman of Peoria met a strong opponent in Chuck Halderie of Bloomington in the third bout at 112 pound weights, but the Peorian was the aggressor and winner of the bout which was replete with thrills.

Johnny Becker, favorite from Peoria, likewise met sturdy opposition in Wes Phelps of Moline in the 147 pound class, but Becker proved the better of the two.

Johnny Pea, the lunging, slugging colored powerhouse from the Mt. Carroll CCC camp had Joe Brown, 147 pound Bloomingtonite on the canvas for the count of nine in each of the three rounds and won an easy decision.

Al Karshas, Bloomington heavyweight received two blows from the powerful Ray Doll of Rock Falls and in less than one minute was stretched out on the canvas for the final count.

Jackie Whittinghill of Bloomington and Eddie Dempsey of Moline provided the feature bout of the evening, going the five round trip. Jack's left appeared to bother Dempsey in the opening rounds, but the decision came in the final round when Dempsey whipped over blows sufficient to give him a lead over his willing and powerful left-handed opponent.

Bud Dempsey a former lightweight champion, referred the first six bouts and Johnny Becker of Peoria was the third man in the ring in the final and feature bout of the evening.

## SOCIETY WOMAN NEW MINISTER TO NORWEGIANS

Washington, April 2—(AP)—President Roosevelt indicated today he intended to appoint Mrs. J. Borden Harriman, New York and Washington society woman, minister to Norway.

By an indirect answer to a question concerning such an appointment at his press conference, the chief executive gave the impression he already had asked the formal consent of the Norwegian government to name Mrs. Harriman, who is a member of the Democratic national committee for the District of Columbia and was an active worker in the last presidential election.

Mrs. Harriman, if she is appointed, would succeed Anthony J. Drexel Biddle, Jr., of Philadelphia, who is reported to be under consideration for another diplomatic post.

Mrs. Harriman would be the United States second woman envoy. The first was Mrs. Ruth Bryan Owen, daughter of the late William Jennings Bryan, who resigned as minister to Denmark last September after her marriage to a captain in the Danish royal life guards.

Mrs. Harriman is the widow of a noted New York banker who died in 1914.

Mt. Morris, Ill., April 2—(AP)—Tony Petrolino of Chicago heads a list of stars entered in the Central A. A. U. weight lifting championships to be held at the Community gymnasium April 11.

Louisiana annually supplies the rest of the world with 2,000,000 frogs.

Rockford is preparing to elect its first four-year mayor, city clerk and treasurer. Besides several independents, there are four parties in the fray.

Mayor James W. Nelson of Freeport and his rival, Alderman Luke Stuart, a former minister, have engaged in a heated campaign.

On the other hand, residents of Belvidere virtually have put the election out of mind, for Perry Gratty and E. J. Geick already have won the offices of mayor and city clerk, respectively. Opposition failed to develop.

Mayor Joe E. Anderson of Galesburg is unopposed for a fourth term. Aurora's mayor, Conrad M. Bjorseth, has two opponents.

The works progress administration was credited with holding down the size of the starting field in some cases, with a ruling that no candidates or campaign managers could retain places on WPA rolls.

## ELECTIONS

### Many Cities and All Townships Will Vote Tuesday

Voters of Dixon township will elect several new officials next Tuesday at the regular township election. One member of the Dixon park commission will be chosen, George B. Shaw being the candidate. On the regular township ticket, the following are candidates:

For assistant supervisor—(Two to be elected)—Leon A. Garrison, C. C. Buckaloo, Merton W. Squier and Angier W. Wilson.

For assessor—(One to be elected.)—Wylie George, Charles H. Eastman, Sanford V. Stafford.

For town clerk—Walter E. Fallstrom.

For justice of the peace—(Five to be elected.)—J. O. Shaulis, Fremont Kaufman, William T. Terrell, Grover W. Gehant.

For constable—(Five to be elected.)—E. A. Tayman, Charles Bott, William Dykeman.

The polls will be open from 7 o'clock in the morning until 5 o'clock in the evening, and are located as follows:

First precinct—Selgestad mill office; Second precinct—Nettz & Co. garage; Third precinct—City hall; Fourth precinct—International Harvester Co.; Fifth precinct—Home Lumber Co.; Sixth precinct—Arthur Miller garage; Seventh precinct—Rusch service station; Eighth precinct—Finkler store; Ninth precinct—Schuck store; Tenth precinct—Oscar Johnson garage; Eleventh precinct—Britton Memorial Masonic Temple; Twelfth precinct—Gateway store.

Because of the limitations of the Dixon park district, voters may cast their ballot at all of the precincts with the exception of three.

The first and second precincts are consolidated and ballot may be cast at the Nettz garage; the ninth and tenth precincts are consolidated and ballots will be cast at the Johnson garage; the eleventh and twelfth precincts are consolidated and ballots will be cast at the Masonic Temple.

The clerks and judges commissioned in June 1936 will serve at all precincts throughout the county at Tuesday's elections, the commission expiring June 1, 1937.

Chicago, April 2—(AP)—The campaigns for city-township offices in Illinois swung on today toward election Tuesday in a variety of tempos.

Perhaps the hottest campaigns are being waged in Belleville and Evanston.

In the former city Mayor George Remmsnyder, seeking re-election as head of the Fair Deal party, has been assailed by the Independent Citizens' party.

A lie detector "duel" was injected into the Evanston campaign, with Police Chief William Freeman challenging Dr. Earl H. De Long, Northwestern university professor, to take the "lie test" himself while denying he told a friend that Freeman would be "through" if Henry Penfield is elected mayor over the incumbent, Charles H. Bartlett.

Dr. De Long is Penfield's campaign manager, and Freeman is reported high in Mayor Bartlett's favor.

Local option elections will be held in a number of communities, notably Sycamore and Sugar Grove, where discussion of high school student drinking has heightened the ardor of dry proponents.

Music figured in the campaigns at Galesburg and Peru. Voters at the former city will ballot on authorization of a half-mill tax for support of a municipal band. At Peru the election board ruled illegal petitions for a referendum on continuance of the band tax.

Small ballots will be given Allen voters to decide the fate of wrestling and boxing.

Elections are scheduled for town and city officers in cities and villages having within their corporation limits a town or towns.

Where mayors previously have been elected to two-year terms, the term of office now will be four years under the new election law. The act also requires that half the aldermen elected serve for four years, the other half for two. Successful candidates will draw lots to determine the length of their terms so that expiration of all will not occur simultaneously.

THE wolverine seems to steal in pure malice. Not content with robbing a trap of its contents, the animal will make off with parts of the trap and hide them. Often it takes all the food it can hold, from a cabin, and then fouls with saliva that which it cannot remove.

the Calvary Baptist church of  
Sycamore. We are proud of the  
advances we have made, so let's  
reach our goal of 150 by the close  
of the contest.

Sunday, April 11, is the date of  
the beginning of our special ser-  
vices. We are privileged to have  
Mr. Thomas Sandlin of Little  
Rock, Ark., with us. A great bless-  
ing is in store for every person  
who really desires it. Pray for  
these services.

Let us come with hearts yielded  
and clean to the communion table  
Sunday morning. Certainly the  
Lord's Supper is fitting as we ap-  
pear.

of a member of the court, in the process of reaching a right conclusion, to give due weight to the opposing views of his associates; but in the end, the question which he must answer is not whether such views seem sound to those who entertain them, but whether they convince him that the statute is constitutional or engender in his mind a rational doubt upon that issue.

"The oath which he takes as a judge is not a composite oath, but an individual one. And in passing upon the validity of a statute he discharges a duty imposed upon him which cannot be consummated justly by an automatic acceptance of the views of others which have neither convinced nor created a reasonable doubt in his mind. If upon a question so important he thus surrenders his deliberate judgment he stands forsworn."

**Hughes Criticism**  
Mr. Sutherland also had some caustic comments to make about Chief Justice Hughes' reference to "the economic conditions which have supervened."

"But," shot back Sutherland, "the meaning of the Constitution does not change with the ebb and flow of economic events."

To which a prominent New Deal attorney, listening to the decision, remarked:

"Mr. Hughes, without realizing it, has gone back to his old statement as governor of New York that 'the Constitution is what the judges say it is.'"

"But Mr. Sutherland says that regardless of judges, the Constitu-

tion stands immobile and immutable like the Rock of Gibraltar." (Copyright, 1937, by United Feature Syndicate, Inc.)

## METHODIST EPISCOPAL CHURCH

Perhaps you have been approached recently to attend Sunday school and worship services. Why not regular and constant attendance? If attendance be a duty at all, it must be a duty to be regular. If occasional attendance be good, constant would be better. Nehemiah asks, "Why is the house of God forsaken?" While you ponder over this question think of the many people when they said unto me, let us go into the House of the Lord. Accept our ever appealing invitation to our services—regularly. Sunday morning Rev. Buterbaugh will preach on "The Wages of Truth."

Sunday school—10:00 a. m.  
Worship service—11:00 a. m.  
Epworth league—6:00 p. m.  
Rev. H. C. Buterbaugh, pastor.

**LAMOILLE CONGREGATIONAL CHURCH**

Services for the week of April 4. Sabbath school at 10 a. m. Carl Dawson, superintendent.  
Morning worship at 11 a. m.—

The pastor will speak on the subject, "How to Grow a Soul."

You are cordially invited to attend these services, and to make this your church home. You will find suitable classes for all ages, in the Sabbath school, and a "glad hand" in the worship services of this church.

## LAMOILLE BAPTIST CHURCH

Pastor, R. E. Turnbull  
"Spring Sowing"

Soon we will see men in the fields busy sowing what they expect to reap in the fall; no farmer needs to be told that the quality of his harvest depends to a great extent upon the quality of his seed.

We cannot but ask the question: what kind of harvest do you expect so far as your own inner life is concerned? Are you concerned about the quality of the seed? About its care and nurture? Is corn more important than character?

Our services offer help for the harvest of character: "Whatsoever a man soweth, that shall he also reap."

**Sunday**  
Unified service of worship and study, 10:00 a. m. The pastor will begin a series of studies on the book of Genesis, No. 1: "Creation." The sermon will be followed by the observance of the Lord's Supper.

Young People's meeting at 7:00 p. m. followed by the evening worship at 7:30 p. m. Note the change in time. The pastor will speak on "The Verdict of the Cross."

**Thursday**  
At 7:30 p. m. our regular mid-week service will have as its main objective the study of Paul's letter to the Colossians; these studies will be illustrated by blackboard sketches.

**Wholesale Slaying of Lepers Feared**  
Hongkong, April 2.—(AP)—Police at Canton were reported engaged today in a roundup of all lepers, leading to a belief that Kwangtung provisional authorities might be planning a "wholesale slaughter."

A dozen lepers were shot last month at Samshui, a town 25 miles west of Canton. Hongkong sources were not able to confirm reports of the more recent execution of lepers at the colony at Yeungkong, in Kwangtung province.

Spectacles may now be worn, if necessary, by certain ratings in the British navy and marines. Of a standardized pattern, these spectacles are supplied by the quartermaster.

Some type refrigerators which actually cost MORE THAN DOUBLE the modern, scientifically designed and smartly styled CONDITIONAIRE Ice Refrigerators merely keep foods cold. But cold alone is NOT enough for RIGHT refrigeration. RIGHT refrigeration requires AIR CIRCULATION and MOISTURE as well as constant cold.

**Conditionaire**  
ICE REFRIGERATORS

—give you constant cold, constant air circulation, constant moisture.
